

Fitness Motivators Academic Sharp Scholarship

The Academic Sharp Memorial Scholarship was established by Fitness Motivators to remember this wonderful young man. Jason was in a fatal motorcycle accident on October 12, 2008. Jason graduated from Harrison High School in 1998. He excelled academically as an honor student. He was an exceptional athlete. He played basketball, football, and ran track where he won numerous awards. He was popular with his teammates, fellow students and faculty.

Jason received an academic and football scholarship. Jason was community minded and became an active member in a few organizations. This memorial is intended to recognize others like Jason; and make their educational financial burden somewhat lighter.

Requirements for this scholarship include: 2010 Harrison High School graduating senior, 3.0 GPA or better, Community Service, copy of Transcript, and a one page essay explaining "IF YOU HAD THE CHANCE, HOW WOULD YOU MAKE MICHIGAN A HEALTHIER STATE?" This scholarship *will not* be based on your SAT scores, but on your transcripts, financial need, and essay.
